Website Redesign — Sharon Public Library

11 North Main Street | Sharon, MA 02067

Project Stakeholders:	Director, Sharon Public Library	Reviewer:	Betty Deemer
Phase 3 Dates: ⁱ	16–22 July 2020	(Content Analysis Classification Scheme Sitemap)	

Background | Introduction

We are redesigning the SPL website while keeping the following as clear goals and constraints:

Goals:

- Primary:* The goal of this site redesign and the reorganization of information is to allow patrons to **quickly and easily find the exact information/items for which they are searching.**
- Secondary:* The SPL site is template-driven with the goal of **easy updatability by library staff**—and having the content of the site easily maintained by library staff.

Constraints:

- SPL will continue to use librarywebsites.com as their host provider, and
- Modifications to the site will be orchestrated with [developers at librarywebsites.com](http://developers.at.librarywebsites.com) as necessary.

Update — Phase 3

During Phase 3 of this design project, we performed the following:

- **Content Analysis**ⁱⁱ—We analyzed the content on sharonpubclibrary.org to assess the current:
 - ~ **Navigation**—how a user navigates from menus and in-text links
 - ~ How menus are **labeled**, i.e., “classified”
 - ~ How content is **organized** currently and under what menu item; and, what content can be:
 - Repurposed
 - Reworked
 - Needs to be “Added” or Created
- **Classification Scheme**—Building on the work we did in Phase 2 (*field and literature research; development of personas and task priorities*), we then were prepared to choose a Primary and Secondary Classification Schemes, i.e., a way of classifying each of the content pages/tasks according to how our typical users are interacting with the site. We are advocating the following approach:
 - ~ **Primary Classification Scheme**—Hybrid: Ambiguous / Simple Hierarchy
 - ~ **Secondary Classification Schemes**—Audience-Specific; Task-Specific; Database-Specific

This classification method accommodates the diverse user-types (personasⁱⁱⁱ) that rely on the SPL website to access information via databases; books; the many original documents available; and, (because the library has become used more and more as a “community hub”), links to community resources provided through the library have become very important to and are relied on heavily by the Sharon community.

ⁱ See “Project Plan: Schedule (Order) of Activities” on page 5.

ⁱⁱ See “Content Analysis: Sharon Public Library (MA)” on page 7.

ⁱⁱⁱ See “Personas (Typical Users of Sharon Public Library)” on page 14.

- **Site Map**—The site map on page 3 shows how the website will be constructed, i.e., what links to what; category naming; menus navigation, etc., based on the classification schemes discussed previously.

You will notice that we have moved eMedia in the top menu, and changed the name of “Get Involved” to “Part of Us” which reflects the content in a broader manner.

We have also consolidated several pages which reduced the menu items in “About”. Other menu items were made alpha to make it easier to find items as they are disparate, and this will also remove any hierarchy in importance of the actual contents / organizations. *(The above text is repeated on the site map for convenience.)*

Below is a screen capture of the menu structure as it is now.

Hours and Social Media Icon links should be posted in the masthead for easy Reference.

Breadcrumb Menu used globally will help patrons orient where they are within the website.

Home Page Content:

- Featured Container Links to:
 - Announcements
 - Sidebar Menus for Easy Access to whole site
 - Community Features
 - Product Pages Text
- Social Media Links

Navigation:

- Global Primary (Persistent)
- Secondary - (Expand / Collapse)
- Breadcrumb (Persistent)
- Global (Header / Utility - Top)
- Global (Footer - Bottom)

Sticky Global Secondary Menu would help users find frequently used items—these could be determined by web stats or current features on Home page that SPL thinks are important enough to highlight.

Current menu structure for SPL site.

Sticky Global Footer Menu will also help orient patrons as they use the Library's site. The "About Us" in this section is for legalize.

Update — Phase 3, cont.

- **Site Map**—The site map shows how the website will be constructed, i.e., what links to what; category naming; menus navigation, etc., based on the classification schemes discussed previously.

You will notice that we have moved eMedia in the top menu, and changed the name of "Get Involved" to "Part of Us" which reflects the content in a broader manner.

We have also consolidated several pages which reduced the menu items in "About". Other menu items were made alpha to make it easier to find items as they are disparate, and this will also remove any hierarchy in importance of the actual contents/organizations.

Status — Project Plan and Schedule of Activities

Each stage requires client approval before next work commences.

Conclusion | Next Steps

During Phase 2, we conducted and completed our research and created “Personas” for our typical patrons.

During Phase 3, we performed a Content Analysis; chose Primary and Secondary Classification Schemes; and, developed a Site Map

In Phase 4, will be perform the following steps:

- Assess Information Architecture—using “Treejack” software, we will perform an analysis to determine the effectiveness of the labeling and taxonomy, i.e., have we named things correctly and can users find the information within the groups as designed?
- Client Approval of Information Architecture

Project Plan | Schedule of Activities

The approved “Project Plan: Schedule (Order) of Activities” is on the next page with dates and more specific details of our next stages in your website development.

Approval Needed

Please review this document as soon as possible and indicate your approval by return email so that we can proceed to Phase 4.

Thank you.

Has calendar view and list view of events. Calendar set by date search.	Rework	Note A – There is already a calendar page... this should be a link at most on the front page.
0.2	• Newest Arrivals “More” Button	Left Side Bar	Newest Books, Movies & Music - Top Choices in the Sharon Public Library for July 15, 2020	https://wowbrary.org/nu.aspx?p=5886--GEN&more	YES	text/html	Carousel of book covers with a “More” button that links to wowbrary.org, an external database site. Opens up in new window with a link to get back to SPL Home Page.	Rework	Note B – There is already a page announcing this, and it is announced in several other places on front page. Develop into a “New at Library” or other sidebar.
0.3	• Body	Center	No title	23 contextual external links in body copy	YES	various links	Announcements and contextual links to provided services and other available venues.	Rework	Note C – This area has many announcements and contextual links to internal pages and PDFs; outside library resources such as databases and educational venues the library subscribes to on behalf of its patrons; and also community links and information re services available to Sharon residences (through the library and also through other venues). Library as city hub. Note D – Develop more appropriate venue for advertisements that are links to existing pages, and have lost their “newness” but need prominence.

6.1	• Adult Services	Left Sidebar	Adult Services	https://sharonpubliclibrary.org/adultservices.asp	YES	text/html	16 links that go to internal and external pages or sites	Rework	Note BE – Links take user to external sites, and / or internal pages (some in same section). Some need further explanation as to where the links go.
6.2	• Computers & Wi-Fi	Left Sidebar	Computers & Wi-Fi	https://sharonpubliclibrary.org/servicescomputers.asp		text/html	Rules defining computer usage	Rework	Note BF – Links to computer sign-ups are on previous tab “Adult Services”. They should be added here.
6.3	• Special Collections	Left Sidebar	Special Collections	https://sharonpubliclibrary.org/specialcollections.asp	YES	text/html	6 links to internal and external sites: Foreign Language; Alzheimer’s; Special Needs; Library of Things; Digitized Historical Collection; Sharon Advocate newspaper	Rework	Note BG – This seems to be a miscellaneous page. Some links are broken and go back to same page. Describes collections that are available in physical library; but also includes items that are included elsewhere on the site such as the newspaper and Digitized Historical Collection. While they may belong here, the context seems unusual—but, it does allow for patrons to access collections from various points rather than going up to a menu, but it seems a bit confusing having certain things pop-up all over. It may be better to have a more organized navigation systems and not rely so much on contextual links for patrons to get around.
6.4	• Library Newsletters	Left Sidebar	Library Newsletters	https://sharonpubliclibrary.org/servicesnewsletters.asp	YES	text/html	6 “Sign up now” links to internal SPL pages and LibraryAware (2 external links to same page)	Rework	Note BH – Have one Side Bar drop down menu that allows patrons to select and sign-up for service they want. Contextual links can remain, but should be renamed with the page where the link goes.

What We Learned

Typical Users:

After interviewing librarians and doing our literature research, we found that users had common tasks, goals and assumptions that patrons wanted to accomplish when visiting the site:

- Find hours, locations, and times open quickly.
- Be able to easily browse the catalog and put items on hold or download them quickly.
- Look for ways to engage in the community through programs held through the library.
- Engage in lifelong learning.

Personas (Typical Users of Sharon Public Library)

Based on our research, we developed several "Primary" and "Secondary" typical users, or "Personas". For example, Susan (below) is a "Working Mom" who has a job, children, a husband, and juggles a lot of priorities. She also enjoys the local "Crafternoon", which is a staple at the library once a month and offers the opportunity to read a book and discuss the book while creating a craft. This is a relaxing time for Susan and allows her to meet new people, relax on her lunch hour, and be with adults in a friendly environment without her kids

This persona exemplifies many of the women who visit Sharon Public Library and so we have made "Susan" a "Primary" persona patron. The remaining Primary and Secondary personas immediately follow below.

Susan

primary

"There doesn't seem to be enough time in the day!
I'm grateful for all the programs our library offers our family."

Age **49**

Job **OFFICE MANAGER**

Status **MARRIED**
2 CHILDREN

Motivation

My family is the most important thing in my life. Career and work are a distant second.

Bio

Susan is working as an office manager while she finishes her second college degree. She and her husband are juggling jobs, family, and social life. She looks to the library as an extension of her social circle and to help with her children. They visit on a weekly basis. She loves the weekly "Crafternoon" maker meetings where she can connect with women of all ages from town.

Tasks

- Help with homework and programs for children
- Connect with other women in town with similar interests
- Civic involvement

Frustrations

- Not finding information efficiently

Working Mom

Henry

primary

"I'm not sure I'm doing this right... but I'm doing my best!"

Age **54**
 Job **SENIOR EXECUTIVE**
 Status **DIVORCED**
1 CHILD

Motivation

Getting the family thing right and making sure I help launch my son into adulthood.

Bio

Henry is a divorced dad who is now trying to raise his son alone. He is grateful that the library offers after school programs so that his son can socially engage with people his own age and with the same interests. He also finds the time at the library where he can find a quiet moment to himself while his son is engaged with his robotics club.

Tasks

- Making sure homework is done on time and correctly
- Easy to use cookbooks
- Robotics club for son

Frustrations

- Just "one more thing" I have to do!

Working Dad

Lisa

primary

*"All our kids are bundles of energy!
 We're having a crazy good time watching everyone grow!"*

Age **32**
 Job **FULLTIME MOM**
 Status **MARRIED**
3 CHILDREN

Motivation

Juggling all the responsibilities of our family and home, and helping the raise my beautiful kids.

Bio

Lisa is a computer technician who has decided to stay home and raise her children fulltime until they are well into high school, or maybe longer. She loves their crazy schedules and has a bundle of energy, which is good, because so do they! She enjoys reading and wants to instill her love of reading into her kids. The whole family loves to make a trip to the library.

Tasks

- Keeping current with technology
- Knowing what books the kids are reading; what's popular or not

Frustrations

- It shouldn't be "hard" to find information... she believes in form following function.

Stay-at-Home Mom

Cindy

primary

*"It's an exciting time to be working at our library!
All of the new technology that is now available to us!"*

Age **47**
Job **HEAD LIBRARIAN**
Status **MARRIED**
2 CHILDREN

Motivation

Making sure her library is the still the best and that they keep current with other libraries in the state.

Bio

Cindy came to the library fresh out of college. She worked her for 12 years before being promoted and it is now her responsibility to manage the library and its website! It's a big job, but she's more than capable of handling it with the right tools and design partners.

Tasks

- Keep the website up-to-date with current information
- Continually make improvements to the site
- Manage the library

Frustrations

- Tools that don't work or are hard to use and frustrate library patrons

Staff Librarian

Frank

secondary

*"It's time to relax and enjoy!
Make new friends... Try new things... Take a breath!"*

Age **68**
Job **FORMER CEO**
Status **MARRIED**
4 GRANDKIDS

Motivation

To enjoy retirement and their new town. Become involved in the town life and try new things.

Bio

Frank just retired from a very hard driving, time consuming position with a large company in nearby Boston. He's ready to just relax in the small town of Sharon, MA where he and his wife have moved upon retirement. The local library offers a place to read and connect with people. It's a way to get involved in the town.

Tasks

- Relax and try new things
- Read the books he never had time for while working
- Meet new people and socialize
- Become involved civically

Frustrations

- It's hard to relax after having a self-driven career for many years in a high-performance job. And, it's hard to not point out how things could be made "better".

Retired

Georgia secondary

"I need to get a job! I'm running through my savings and I am too young to retire!"

Age **58**
 Job **UNEMPLOYED**
 Status **SINGLE**
NO CHILDREN

Motivation

To find a job before unemployment and savings run out and things get financially desperate.

Tasks

- Look for jobs
- Update computer skills

Bio

After working 28 years in the Marketing Department for a local manufacturing company, Georgia now finds herself unemployed after a company restructure which released several middle managers like herself. So, she now finds herself on unemployment and scrambling for another position. She enjoys meeting women at the library for the weekly "Crafternoons" where she can relax a little with new and old friends.

Frustrations

- Keeping focused and upbeat while looking and securing a position at my age is not something I ever dreamed I would be doing. I thought I would retire from that company!

Looking for a Job

Michelle secondary

"I am so excited to be in this country!

When I applied for my dream job, I didn't think it would come to me!"

Age **31**
 Job **PROGRAMMER**
 Status **SINGLE**
NO CHILDREN

Motivation

To learn English better. There are little things in the language that I think I should understand, but they puzzle me. I need to speak it better.

Tasks

- To learn English better
- And, to make new friends at the library in my English as a second language class

Bio

Michelle applied for a programmer's position with a company in Boston who does a lot of work in the Eastern European country from which she comes. That she knows a great deal of English along with being a native of the country was a key element in the decision to hire her. She is making a lot of progress in her job, but there are little English phrases that puzzle her.

Frustrations

- Not getting the "joke" when other people are laughing. I want to make new American friends so that I understand this better.

New to Town

Alex

secondary

"I've worked in manufacturing all my life... and the computers on the machines are getting more sophisticated!"

Age **48**
 Job **LINE TECHNICIAN**
 Status **MARRIED**
2 CHILDREN

Motivation

We didn't have a lot of computers when I was growing up...most of that technology came later... and I want to learn to keep up with my job and friends. And my kids.

Tasks

- To keep up with the new programming languages that run on the machines I am responsible for at my job.

Bio

Alex has worked in a manufacturing plant since graduating high school. He is one of a minority of people who does not have a degree because it was not needed in his field. He did go to trade school and apprenticed to his job. But, computers are getting more sophisticated...

Frustrations

- Every year, there's an upgrade to the programming. Sometimes it makes the machine run better, and sometimes it doesn't!

Computer Challenged

Jai

secondary

"I love Harry Potter and I love that we have the club after school!"

Age **12**
 Job **STUDENT**
 Status **CHILD**

Motivation

I like meeting my friends after school at the library. My mom is ok with me hanging out there because it's safe and she knows everybody.

Tasks

- Do my homework
- Get better at drawing in beginner art class
- Beat my friends at Potter Trivia!

Bio

Jai lives with her single mom who doesn't get off work until after 5:00 pm. Jai is enrolled in the after school care program at the library and loves the help she gets with her homework and also that she gets to be with her friends in several clubs.

Frustrations

- My mom works a lot! I'm glad I can be at the library until she picks me up. I hate it when she's late.

Middle School

Terri

secondary

“One year before I go to college seems like such a long and short time all at the same time!”

Age **17**
 Job **STUDENT**
 Status **TEENAGER**

Motivation

My parents have their opinions about which college I should go to, but I want to go to the “right” college for me!

Tasks

- Keep my grades up
- Find the right college
- Look for scholarships

Bio

Terri is on her way to college and she needs lots of help researching which one. College is a huge step and she’s going to need some help paying for it, and making sure her grades are up to standards. She also needs to make sure she picks the right one. She’s very grateful for the help she’s getting from SPL researching colleges because it’s a lot less stressful than her parents!

Frustrations

- My parents want to see every college brochure that comes into my hands and keep pressuring me about my choices!

High School

Ben

secondary

“Grad school is consuming my life right now... it’s hard to focus on anything but!”

Age **27**
 Job **GRAD STUDENT**
 Status **SINGLE**

Motivation

I’m almost finished with grad school and working on my research seems to be 24/7!

Tasks

- Keep projects up-to-date and on time
- Make sure research is the best that it can be
- Enjoy COMIX at the library!

Bio

Ben is going to a local private college with ties to several major corporations in nearby Boston. He sees a lot of his professors in town and the pressure is always “on” for him to make good grades. He’s become best friends with the research librarians and the library is his second home.

Frustrations

- Lack of time and perfectionistic tendencies!

College
